

### Molded Wood Pallet

We design and produce the Molded Wood Pallet for more than 6 years. It is a good alternative for the traditional wood pallet, it can save your budget, stock space and shipping cost by choosing the Molded Wood Pallet. Most of our products are export to European, American, Asian countries and we look for long term partners in all countries in all areas.

### Product Introduction

We not only will try our greatest to offer superb companies to just about every buyer, but also are ready to receive any suggestion offered by our shoppers for Good quality China Wood Waste Recycling Machine to Make Pressed Wood Pallets, We welcome shoppers everywhere in the word to call us for long run small business associations. Our solutions are the top. Once Selected, Excellent Forever! Good quality China Pressed Wood Pallet Machine, Wood Pallet Machine, In the future, we promise to keep supply the high quality and more cost-effective products, the more efficient after sales service to our all customers all over the world for the common development and the higher benefit.

### Cheap Molded Wood Pallet Factory and Manufacturers

### Specification of Molded Wood Pallet

Material	Recycled Wood
Type	Industry pallet
Entry Type	4-Way
Style	Single Faced
Place of Origin	Shandong, China
Product name	Molded Wood Pallet
Weight	17-20kg/pc
Feature	Fumigation Free Pallet
Static Load	6 Ton
Application	Transportation Logistics Pallet

## Qualification of Molded Wood Pallet

Qingdao SenYu(Scenix) is located in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of Molded Wood Pallet. Through years of strenuous effort, we have started to play an important role in this market. We have 2 modern workshops and production line, with patent technology to make the stable Molded Wood Pallet with an annual output of 5000,000pcs.

With the competitive prices, quality products and aftersales services, our Molded Wood Pallet has been used in many fields of chemical, auto-parts, printing, food etc. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe and other foreign countries.

## **Delivery and Shipping Service of Molded Wood Pallet**

The Molded Wood Pallet is wrapped in PET film, it is safe to be shipped by truck, sea and plane. Our Molded Wood Pallet factory is located in Jiaozhou, Qingdao, only one hour drive to the famous Qingdao Port and Qingdao Jiaodong International Airport. It can save the domestic shipping cost and provide fast and convenient delivery. And only 20 minutes' drive to the Jiaodong international airport, welcome to visit our factory.

## **How to make the Molded Wood Pallet**

First the wasted wood was put into the chipping machine and chip it to fine wood chips. The fine wood chips are dried by a dryer, then mixed with thermosetting resin, and placed in a press for compression molding. The entire production process is carried out under high temperature and high pressure to kill any insects and fungi remaining in the wood. At the same time, due to the high density of the wood products produced, it can prevent any other insects from reproducing and re-invading. This kind of molded product is "artificial wooden packaging material" instead of

the traditional "solid wood packaging material". Its products no longer need to be treated with insects, and there are no live insects in the products. It meets ISPM15 (International Standard for Phytosanitary Measures 15). The demand for exporting wood packaging products, and after various service life cycle fatigue tests, can be shipped with the goods to other countries without any special treatment.

### Attentions on stock and use of the Molded Wood Pallet

It is strictly forbidden to overload use. It is strictly forbidden to carry high-temperature items. It is strictly forbidden to place it in the open air for a long time. It is forbidden to place the load evenly, and it is forbidden to place it unevenly. When it is not used for a long time, it should be placed in a ventilated and dry place.
